

# BLI VÄRDFAMILJ

till en av våra härliga utbytesstudenter!

**Vi söker omtänksamma värfamiljer för våra utbytesstudenter.  
De kommer till Sverige från hela världen. Lär känna Vanessa från Schweiz:**

**Namn:** Vanessa

**Ålder:** 15 år

**Hemland:** Schweiz

**Period:** Augusti 2017 – juni 2018

**Intressen:** Volleyball, tennis, gymnastics, listening to popular music and to watch sports.

#### **Varför Vanessa vill åka till Sverige**

I would like to experience a whole new schooling system and how other teenagers go through their day at school differently than in my country. A girl at the scout group I used to go to, was from Sweden. She is the one who made me think about Sweden as a great country to go to. I'm very eager to learn Swedish, I hope I can catch up the language as fast as possible.

#### **En hälsning från Vanessa**

Hej! Jag heter Vanessa och jag är femton år gammal. That's basically everything I can say in Swedish.

I live in Therwil, near Basel in Switzerland. That's not far away from the border to France and Germany. At this moment, I attend a high school in my neighbor village, Oberwil and I'm in 10th class. My main subject is biology and chemistry, because I'm very interested in these topics and one day I want to become a veterinarian. I like to talk with everyone and I'm very open to learn a lot more about the Swedish culture and especially the language. I'm a very sportive and active person and I like to do lots of stuff at once. For example: At the moment, I am playing volleyball for one year and I am playing tennis for four years.

I'm very glad and excited to do this special journey to Sweden and I'm looking forward to meeting you. Thank you for letting me be a part of your family.

Hej då,  
Vanessa
